## 2019 Training Academy Course Tuition Rates

The following course tuition rates are for individual “Student Contact Hours” (SCH) plus any consumables necessary to complete the course.

Definitions:

- **Student Contact Hour** (SCH) – one hour of instruction per individual student.
- **Consumables** – any additional item(s) necessary to conduct a training course. These items may include such things as: student guides, meals, travel, lodging, fuel, flares, SCBA refills, fire water, etc.
- **Course** – concentrated area of instruction based on a defined curriculum that is subject to modification by the client.

Tuition Rates:

Course Title	Tuition
<b>Firefighting:</b> Marine Structural Process Unit Aircraft Rescue	\$39.35 / SCH
<b>Rescue:</b> Technical Trench High Angle Confined Space	\$30.60 / SCH
<b>Hazardous Materials:</b>	\$28.41 / SCH
<b>Specialty:</b> ICS / EOC Medical Safety Pumps & Hydraulics	\$26.53 / SCH
<b>Customized:</b> Customized Classes Off-Site Classes	Quoted Upon Request

- In addition to the courses and tuition rates listed above, RTFC Training Academy will issue specific proposals, for customized course or “All Inclusive Package” rates if requested. An “All Inclusive Package” is a flat, per student, rate for each course. This rate will include tuition for the course and any necessary consumables for completion of the course. These rates will be issued on an individual basis and only at the request of the client.
